PUPPER CLUB GROOMING MENU CHEAT SHEET

DESHED

Shampoo is left on for 5-10 min so that conditioning ingredients of the specially formulated shampoo can penetrate your dogs fur. Shampoo is followed by specially formulated conditioner to help loosen and remove dead hair from pet. The dog is then velocity dried loosening up more hair then a deshedding tool is used to give a final pass over the pups treated fur.

MEDICATED

Specially formulated dog grooming product to help dogs suffering from various skin conditions such as allergies, dandruff, and dry skin

DESKUNK

An Odor terminator spray is used containing a unique blend of natural enzymes and deodorizers that actually eliminate odors rather than just cover them up. The spray is then followed up with Nature's Specialties Smelly Pet Shampoo which contains the same natural enzymes and deodorizers. Safe to use on dogs, cats, kittens, puppies, pets.
